## Playing for Better Comfort and Safety

The 28<sup>th</sup> Annual Norfolk General Hospital Foundation Golf Classic will bring nearly 300 golfers together this July to help with the purchase of New Hospital Beds and Emergency Department Stretches. The Golf Classic will be held at its traditional home, the Norfolk Golf and Country Club in Simcoe.

This year we are completing the bed replacement throughout the hospital and replacing the aging stretchers in ED. The new beds and stretchers feature improved design providing better mobility, safety and comfort for both patients and staff.

The annual Norfolk General Hospital Foundation Golf Classic has enjoyed a long history of supporting high quality health care since 1990. The Golf Classic returns to the scenic fairways and greens of the historic Norfolk Golf & Country Club July 17, 18 & 19. From its humble beginnings to now attracting hundreds of community minded golfers in support the NGH Foundation this tournament provides funding to purchase vital medical equipment to best serve the needs of patients at NGH.

In addition to 18 holes of golf and an amazing meal, golfers will be able to bid on a stunning selection of silent and live auction items. Classic participants and the public will again have the opportunity to purchase raffle tickets for a chance to win 2 seats to any **WestJet** destination.

Golf Classic Committee Chair, Brook Shafto "It is an absolute pleasure and experience for me to be part of the team organizing this very special tournament for our hospital. No matter what weather conditions we play under – sunshine or rain the Golf Classic and its supporters will make a difference benefiting the comfort and well-being of everyone living in this community."

For 2017, supporters and participants of the 28<sup>th</sup> Annual Norfolk General Hospital Foundation Golf Classic will help fund the purchase of a new hospital beds and stretchers for the Emergency Department. No matter how much time a patient spends in hospital, we want to make it as comfortable and safe as possible.
