Auditors' Report

To the Board of Directors of
The Norfolk Hospital Nursing Home

We have audited the statement of financial position of The Norfolk Hospital Nursing Home as at March 31, 2010 and the statements of operations, changes in net assets and cash flow for the year then ended. These financial statements are the responsibility of the Nursing Home's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Nursing Home as at March 31, 2010 and the results of its operations and its cash flow for the year then ended in accordance with Canadian generally accepted accounting principles.

The Norfolk Hospital Nursing Home

Notes to the Financial Statements

For the year ended March 31, 2010

1. Purpose of organization

The Norfolk Hospital Nursing Home is incorporated without share capital under the Corporations Act (Ontario) and provides health care and accommodation to residents of Norfolk County and the surrounding communities.

The Nursing Home is exempt from income taxes under the Income Tax Act.

2. Summary of significant accounting policies

These financial statements are prepared in accordance with Canadian generally accepted accounting principles. The accounting principles used are acceptable for Ontario Health Care Institutions as prescribed by the Ministry of Health and Long Term Care.

Revenue recognition

The Nursing Home follows the deferral method of accounting for contributions which include donations and government grants.

Under the Health Insurance Act and Regulations thereto, the Nursing Home is funded primarily by the Province of Ontario in accordance with budget arrangements established by the Ministry of Health and Long Term Care. Operating grants are recorded as revenue in the period to which they relate. Grants approved but not received at the end of an accounting period are accrued. These financial statements reflect agreed arrangements approved by the Ministry with respect to the year ended March 31, 2010.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Externally restricted contributions are recognized as revenue in the year in which the related expenses are recognized. Contributions restricted for the purchase of land, buildings and equipment are deferred and amortized into revenue on a straight-line basis, at a rate corresponding with the amortization rate for the related buildings and equipment.

Revenue from the residents' co-insurance, preferred accommodation, and marketed services is recognized when the service is provided.

Land, building and equipment

Land, building and equipment are recorded at cost. Amortization of building and equipment is provided on the straight-line basis over their estimated useful lives. Land is not amortized and minor equipment is expensed. Amortization rates are as follows:

Building	2 1/2%
Furnishings and equipment	5% to 30%

2. Summary of significant accounting policies - continued

Measurement uncertainty

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. In determining estimates of accrued liabilities, the Nursing Home relies on assumptions regarding applicable industry performance and prospects, as well as general business and economic conditions that prevail and are expected to prevail. Actual results could differ from those estimates.

Contributed services and materials

Volunteers contribute numerous hours to assist the Nursing Home in carrying out certain charitable aspects of its service delivery activities. The fair value of these contributed services is not readily determinable and, as such, is not reflected in these financial statements. Contributed materials are also not recognized in these financial statements.

3. Land, buildings and equipment

	Cost	Accumulated amortization	2010	2009
Land	\$ 52,800	\$ -	\$ 52,800	\$ 52,800
Building	2,432,076	1,794,834	637,242	644,434
Equipment	1,037,407	704,098	333,309	282,400
	\$ 3,522,283	\$ 2,498,932	\$ 1,023,351	\$ 979,634

4. Due to Norfolk General Hospital

As at March 31, 2010 the Nursing Home owes the Hospital \$194,192 (2009 - \$272,589). The Norfolk Hospital Nursing Home purchases services such as meals, utilities, housekeeping and administrative services from Norfolk General Hospital at fair market value under normal trade terms. The total of these purchased services for the year amounted to \$1,128,369 (2009 - \$1,097,615). In addition, the Hospital makes all payments associated with the Nursing Home's capital and operating costs, and then recovers all of these payments from the Nursing Home.
