TTCA supports NGHF

An overcast Black Friday morning was lit up as brightly as a Simcoe Panorama display as Toyotetsu Canada (TTCA) in Simcoe presented a commitment of \$75,000 to the Norfolk General Hospital Foundation's Building a Better Hospital campaign. The auto parts manufacturer has previously supported the fundraising efforts of the Foundation through the annual Golf Classic and has now stepped up to generously assist with the hospital's current major renovation and rebuilding campaign. The presentation was received by Campaign co-chair Brad Allender from TTCA President Norifumi Taniguchi and Eddie Bilopavlovic TTCA General Manager.

"For us, it's massive."

"Thank you for your leadership and commitment to the community" said Allender of Toyotetsu's generosity.

Andy Elkin Assistant GM TTCA explained the company's reasons for support stating "NGH is an important part of our community. We have over 650 employees in our plant who have some connection to the hospital. It would be critically wrong to ignore something so important. For us, it's massive."

The \$13 million Building a Better hospital campaign is seeking community support to make improvements to 3 areas of the hospital. A new Surgical Day care Unit will be built along with a complete renovation to the Birthing Unit. In addition, upgrades will be completed to a Minimally Invasive Operating Room.
