Vittoria & District Foundation Supports Building a Better Hospital

Community giving has always made the difference to the health of Norfolk County and to Norfolk General Hospital responsible for delivering that care. Brenda Cooper, Secretary/Treasurer with The Vittoria & District Foundation Inc. summarized their contribution to the Norfolk General Hospital saying “We have always supported NGH. It serves everybody – all of Norfolk and beyond.”

On Wednesday, May 25, Brenda Cooper and Vittoria & District Foundation Board Director Tracy Haskett presented a \$25,000.00 cheque to Julie Powell, Director of Development NGH Foundation. The funds will help with the NGHF Building a Better Hospital Campaign. This \$13 million project will revitalize, renovate and develop 3 essential units at NGH. An expansion will be built for the Day Surgery Unit. Labour and Delivery will be renovated into state-of-the-art Birthing units and a fully functional Minimally Invasive Operating Suite will be revitalized.

“We are very grateful for the community minded generosity of The Vittoria & District Foundation” said Julie Powell, “A long history of support allows NGH to continue to provide high quality health care to future generations.”
