Support for Holmes House

This past week, Norfolk Mutual presented ongoing support to the Simcoe based drug treatment and rehab centre Holmes House. Insurance company representatives Richard Gelbard and Samantha Bantam handed a \$971 cheque to Len Pollet, Director of Holmes House on June 29. This funding will be used to enhance the residential comfort and surroundings for Holmes House clients. The funds were raised through the Insurance Company's golf tournament.

"Their support has been phenomenal. Norfolk Mutual not only gives generously financially, but for years they continue to supply everything required for our clients to prepare complete holiday meals at Thanksgiving and Christmas" stated Pollet.

"We feel that many times the community overlooks smaller local charities. The need is always there" indicated Gelbard. "People can turn their life around. That's why we choose to give to Holmes House."

Holmes House offers withdrawal management services (detoxification) from alcohol and mood-altering chemicals in a residential setting. Support is offered 24-hours per day, year round.

A short-term (21-day) co-ed treatment program is also available for clients requiring a residential setting as well as clients who are able to commute daily to the facility.
