A Reason to Celebrate

A New Year has arrived. Time to celebrate!

At the Norfolk General Hospital Foundation being able to purchase much needed equipment to provide timely and quality patient care for 2018 and beyond is our reason to celebrate. Jennifer White, NGH Foundation Director is also proud to celebrate the community which came through in a large way for local health care.

"Donors gave generously to the Foundation's Christmas Appeal, meeting and surpassing our goal to purchase over \$65,000 worth of new vital medical equipment."

NGH will now be able to acquire these important tools including 2 Electrocardiogram (ECG) machines, a portable Bronchoscope, a Glidescope, 4 crash carts and a syringe infusion pump. These tools are used to diagnose and treat patients at NGH every day.

White went on to say "With all the gift giving people must do, the Foundation is very grateful to be included as part of their gift list. Thank you."

The appeal was mailed out to Norfolk donors in November with a reminder mailing at mid-December. If you didn't receive an invitation to support your hospital and wish to make a donation, please contact the Foundation right away.

There is always a need. You can always help.

Happy New Year!
