## **Cookies make Big Dough!**

The DOUGH keeps rising for the Norfolk General Hospital Foundation during the annual Tim Horton Smile Cookie program. \$25,431 was donated to the NGH Building a Better Hospital Campaign, a \$13 million project that will rebuild, redevelop and renovate three crucial areas at NGH. September's one week campaign encouraged Tim Horton patrons at each of the Tim Horton locations in Simcoe, Waterford, Delhi and Port Dover to enjoy a \$1 Smile Cookie with proceeds to be the hospital foundation. Store owners Grant Nelson and Hilary Robertson delivered the donation on November 9

"We are so grateful to our local Tim Hortons for doing this every year" stated Jennifer White Director of the NGH Foundation "It is amazing to think that simply enjoying a cookie can contribute so much to health care in our community."

Owner Grant Nelson replied "Our staffs really respond to this program. They understand the importance of our hospital and I think they really have fun with the whole week because they know they are giving back."

Norfolk residents are to be thanked for their support. The Smile Cookie program has donated over \$135,000 to the NGH Foundation since 2003.
