CTM Helps with CT

Caradoc Townsend Mutual Insurance of Waterford presented a \$16,000.00 donation to the Norfolk General Hospital Foundation Year of the Cat 2.0 Campaign on Monday September 30. The donation supports the Foundation's \$1.5 million campaign to fund a new Computed Tomography (CT) unit for the hospital. This recent gift brings Caradoc Townsend Mutual total giving to Year of the Cat 2.0 to \$80,000.00.

"This represents Caradoc Townsend's ongoing commitment to NGH fundraising projects. Great local healthcare is a priority and that's why we are dedicated to giving back to our community. We believe all of us can make a difference" stated Neil Shay, CTM General Manager.

"We are thrilled to receive this generous support from the team at Caradoc Townsend. These dollars will greatly assist with the purchase of this most important diagnostic tool. – Thank you" said Jennifer White, NGH Foundation Director.

The new unit will provide technicians and radiologists with even better images and therefore better care for patients. Donations to the Year of the Cat 2.0 Campaign can be made by calling 519-426-0130 ext. 2456 or at www.ngh.on.ca
