Golf Classic supports Year of the Cat 2.0

The 30th Annual Norfolk General Hospital Foundation Golf Classic is set to tee off July 15, 16 and 17 at the beautiful Norfolk Golf & Country Club in Simcoe. The day includes 18 holes of golf on this historic Thompson design course, lunch, a fabulous dinner, live and silent auction and the satisfaction of knowing you have supported quality healthcare close to home.

The 2019 Classic will assist with the Norfolk General Hospital Foundation's Year of the Cat 2.0 Campaign. NGH is purchasing a new 128 slice Computed Tomography (CT) scanner to replace the current aging 64 slice unit. The CT scanner is the single most important piece of equipment at NGH and the best diagnostic tool. With some 8000 scans each year, the CT is the workhorse of the Imaging Department. It is able to detect and diagnose a wide variety of diseases and conditions – and in other cases rule them out – quickly, accurately and painlessly.

Sign up to play today!

The Norfolk General Hospital Foundation Golf Classic has enjoyed a long history of supporting high quality health care since 1990. This event has provided over \$3.4 million in funding to purchase vital medical equipment to best serve the needs of patients at NGH. Recent years have seen assistance with new Labour & Delivery equipment, new hospital beds, an Ultrasound unit and new Crash Carts.

Don't golf but still want to help?

You are certainly welcome to register a team with the NGH Foundation; however the Foundation wishes to extend an invitation to those unable to golf to make a cash donation
