

**MEDIA RELEASE:**

For Immediate Release

**It's a Girl!**

January 3, 2015

Norfolk General Hospital's first baby for 2015 has arrived! Vivian Frances McClure was born at 7:56pm on Friday January 2 weighing in at 6 lbs. 13 oz. to first time parents Holly and Craig McClure. The McClure's, who said they prefer older traditional names, are Norfolk County residents living on a Charlottesville farm. Craig is a tobacco grower while Holly works with Oxford County's Planning Department.

Baby Vivian was due to arrive on December 26 but the wait has brought about some fame – the first baby for 2015! Norfolk General Hospital presented an engraved Bear Music

Box to the new born as well as a hand crafted blanket from the Volunteer Association to the Hospital and Nursing Home. This is the first grandchild for Holly's side of the family and the fourth for Craig's side.

McClure's pregnancy was supervised by Dr. Brian Ferguson, NGH's new OBGYN. "I am doing very well. I can't complain. It has been a good experience" said new mom Holly now resting comfortably in hospital.

Norfolk General Hospital congratulates the McClure's and wishes the best to their families.
