December 5, 2015

Norfolk Mutual's Healthy Gift to the Future

The season of giving was made very bright as the Norfolk Mutual Insurance Company presented a generous donation to the Norfolk General Hospital Foundation in the amount of \$80,000! This gift, which will be dispersed over 5 years, will support the Hospital's revitalization and renovation project. This project will see a new Day Surgery unit, a renovated Birthing Unit and Operating Room.

"I am just really pleased that Norfolk Mutual has been able to make this contribution to the Norfolk General Hospital Foundation. We love what we do in this community and love to be able to give back to this community" explained Tammara Lynch, President of Norfolk Mutual. She went on to state "I am very proud of our Board of Directors and our staff for participating and being involved in this donation."

The cheque was presented at the Norfolk Mutual offices Thursday evening during a holiday reception attended by Board members, staff and local brokers. Julie Powell Director of Development for the NGH Foundation accepted the donation saying "What an absolute thrill, we are so pleased. This phenomenal gift from Norfolk Mutual speaks volumes to the care and concern they have to the health of this community. Thank you very much."
