## **ONA employees ratify new contract with Hamilton Niagara Haldimand Brant Community Care Access Centre**

BRANTFORD, ON – Ontario Nurses' Association (ONA) members have voted to accept the Hamilton Niagara Haldimand Brant Community Care Access Centre's (HNHB CCAC) contract offer.

"We are elated that our care coordinators, placement coordinators and specialized nurses have voted to remain on the job," says Melody Miles, CEO of HNHB CCAC.

The new agreement means all HNHB CCAC staff will continue to support patients and system partners in the provision of home and community care as usual.

"We value and respect all of our employees and this positive outcome is a testament to the solid commitment of our staff who are dedicated to delivering patient care and services," says Miles.

Ms. Miles also acknowledges the support of patients, their families and the organization's health system partners for their continued support during this time.

Funded by the provincial government through the Local Health Integration Network, HNHB CCAC provides a single point of access to a wide range of home and community services, enabling people to get the specialized blend of health care services they need, when they need them.
